“ I realize that Cal passed away a couple years ago but I did not come across this article until today while searching for a few folks I had served with in the Marine Corps. He and I worked in the same office at the commissary at Camp Pendleton. I'm so sorry to hear of his passing and that I totally missed it at the time. The photo of Cal is definitely a good one, for sure. I wish we could have stayed in touch but, life just seems to get in the way, I married a Marine from St. Joseph, MO where I continue to live. My late husband was a native of MO. I have 8 children, which kept me busy for many years. They all live in MO and there are 16 grandchildren. Please accept my belated condolences.

“ Going to the library will not be the same without Cal. He was always helpful to us while researching our numerous Iron county, Missouri roots. May he rest in peace.

“ I was so sorry to hear of Cal's passing. He was my "go to person" when I wanted to know what was going on in the Valley. I have missed his face and his humor at the front desk of the library. It is just not the same anymore. May you rest in peace Cal.

“ We had many wonderful trips whether it be looking for Ramsay/ey on Dad's side or another Amish town. We looked for Dothage an Schroer families, too, all up and down the Missouri River from Higginsville to St. Charles. The last trip we made to Columbia, TN enabled me to get the right information to join the DAR. We also never passed up a town or a restaurant someone had told you about.. We met a lot of different people at the Amish villages we visited and were looking forward to going to Arthur again. You usually had a large list of please brings and the car was full coming home but we loved every minute of it. You were a great help to visitors to the library looking for their families, too. We just discussed the other week our hurry up trip to NC for Paul and Patty's wedding. As Vince Gill sings, "Go rest high on that mountain, for your life on earth is through.." I will miss you dearly and you always worried about me and if I could walk it. Love, Carol

“ I was so sorry to hear of Cal's passing. Cal was always one of the first people I would turn to when researching a new project on the history of Iron County. Through his work as a genealogist on the staff of the Ozark Regional Library in Ironton, Cal helped scores of people trace their family history. No problem was too big or too small. Cal was an "old school" genealogist who knew that not everything is on the Internet and that sometimes there is just no substitute for rolling up your sleeves and doing real research in the source materials that document our ancestors' lives. Cal also served as one of the past presidents of the Iron County Historical Society and was very knowledgeable about the history of the local area. I fondly remember the stories he told me regarding the quest for his own family's roots and I still share some of those stories with others today. Please accept my deepest sympathy to all of Cal's family and friends and to Cal, Semper Fi. You will be missed!

“ What a kind, loving and giving man to so many. He was always offering a smile and a friendly visit when he saw our family. He worked alongside my Grandmother at the end of her long 50 years as a Librarian and she loved him as we all did. There won't be another Cal Dothage, God broke the mold when He made this kind man. May god comfort those he left behind and bring joy to their lives with his memory ~

“ I met Cal in 1972 when he gave me a job working in the kitchen at Plain & Fancy. For several years, Ray and Cal were not only my employers, they were my family. They were the kindest, most fun, smart guys I ever met. They taught me so much, and helped me when I had no where else to turn. Rest in Peace, You so deserve it, kind man.
