“ *Gail and I have been friends for over 40 years. In those years we have shared laughter, tears, joy and sorrows. We have shared baby baptisms, first communions, birth of grandchildren, meals out (lots of those) and evenings looking at stars in the country. But my most cherished and loved memory, will be the one when we said good bye.*

“ *I figured it up and Gail and I were friends for over 40 years. We shared good times and bad. We shared school functions, baby baptisms, first communions, grand baby births, lots of meal out, much laughter and tears. But of those 40 years, my most vivid and cherished memory will always be the last 20 minutes we spent together. In that 20 minutes we managed to say good bye.*

“ *My sincere heartfelt condolences are with the family at this time. Although Gail was my first cousin, I regret distance (in miles and age) made us strangers.*

The last time we were together I was 14 and she 28. My sister and I were washing dishes. Aunt Louise was instructing us on how to do it properly. Gail chimed in and said, " Gee mom, they are teenagers. I think they know how to clean dishes by now!" I'm ashamed to say I had not honed that skill down very well at that point in my life but, I was grateful that Gail stepped forward and had confidence in us! Then, I made sure I did a good job.

So silly sometimes...the little things we remember!

I regret not fostering a relationship with Gail as I became an adult. I loved looking at all the pictures posted. She looks like a person I would have loved to have known.

“ *With deepest sympathy to the Solomon family. Gail was and will always be very special to me. She taught me how to fish, horseback ride, swim and always treated me as her own. God Bless you Gail Solomon.*
