“ Dear Susie & Cindy,

I'm saddened to learn of Janet's passing. She and I worked together at Presby ER, often carpooling to work, especially on icy, snowy days. We both began in ER as very green nurses but we loved the job and wanted to learn as much as we could.

Please take comfort in knowing that your mom was a good friend to me and so many. She will be fondly remembered as a kind, caring woman.

With love,

P.S. I recall one of you girls super chilling a couple of beers in freezer when Janet and I were on our way home from work a couple of times so we could enjoy the coldest beers in town.
