“ I had and created a ton of memories with this beautiful lady. First and foremost, was her tough and resilient personality. Life threw her plenty of curve balls, but she always persevered and came out an even better woman for it. I admired her quirky mannerisms and unapologetic nature. She ungunfled me in her little family at a young age and had no qualms about setting me straight, even into adulthood. If anyone had an opinion about my life, it was Beth. If Beth loved you, you knew it. If she disliked you, you knew it. There were never any areas of gray with her. You knew where you stood. I loved this woman for various reasons and the void left in my heart will never be filled. She not only was my friend, but a woman I greatly admired. She will be terribly missed, but fondly remembered.

and admire for their strength  
and grace did not get that way  
because shit worked out.  
They got that way because shit  
went wrong, and they handled it.  
They handled it in a thousand different  
ways on a thousand different days,  
but they handled it. Those women  
are my superheroes.”
