“ *Linda & Family,
I'm sending you all my love and prayers.
It breaks my heart that Martin passed away. God took home a very special person. Growing up living across the street from you all was amazing. Linda you and Martin was always kind and treated me like I was part of the family. After graduating and I got married he gave me a job at Kroger working for him in produce and he really taught me a lot about doing my job the right way to make his produce department look its best. He was a awesome boss and I always had the most respect for him and always will. Martin Rest in Peace*

“ One of the best memories I have of Uncle Martin was at Grandma Connell's funeral. Grandpa Connell always said that his fiddle could only be passed down to someone who would learn to play it. I remember him standing up and playing Grandpa's fiddle at Grandma's funeral and how sweet it was to hear that old fiddle sing again.

He was one of the most gentle kind men I have ever known. I can see him dancing on those streets of gold right now.

“ *Martin still is one of the most wonderful, caring, generous, and upstanding persons I have had the honour and privilege to know and call a friend. He sincerely cared for everyone and went out of his way to help them by whatever means he could. He will be very much missed by his friends and loved ones. However there is no doubt that Martin is at the right hand of God and is watching over everyone he cared about. I celebrate his life, and am content that all the pain and suffering is at an end! I rejoice in the fact that Martin was a part of my life and through him I know I am a better man because of him!*

*My sincere condolences to his family;
