“ Oh my Lord, where do I begin? I still can't believe you're gone you know if it wasn't for you and you helped me train and teaching me. I would've never had my career. I don't know if I ever thanked you for that my friend I still can't believe you're gone. I told you all these years you were the baby of all of us. You cannot die before me I would be lost without you and what did you do they did anyway you know you always did things your way. I don't know if I ever thanked you for the wonderful things you did for me. You were always there for me and I always try to be there for you. You know just a month ago now we planned on getting together and having lunch with Judy. I'm so glad I got to talk to you that day and I'm so glad I told you that I love you. I hope you know that kid I love you and miss you forever. You were one of the bestest friend I had in the longest. I hope you know what you meant to me and my kids. My boy absolutely loved you both of them. You know some of my best memories was at Iron County sheriff's office. We had some good times we also had good times that County and we also had good times at Rental county but Iron County very special place in my heart you know I never can hear that song. I want to talk about me and not think of you and you know what I mean when you read this you'll know cause I know you haven't forgotten or that song by Brooks & Dunn you know which one I've never be able to hear that and not think about you I'll never be able to watch American Idol and I think about you that was another thing you did for me you took me. We went to see American Idol in person, but I thought I was a big shot but we had to stop and get a hotdog remember Quiktrip has the best hotdog in the world. You always said. I love you and I'm going to miss you. I had some of the most wonderful times in my life with you. Just hoping you how important you were to me. Rest in peace my friend. I'll see you when I get there. I love you forever My Bestie.

I'm sorry the grammar is not better in this post but it's hard to type when you're crying so hard you can't see the screen.
